Dear All

If you get an email with the same contact details as this, It's from a guy in the Caribbean who is buying cars on company details that he has nothing to do with. Can you make sure all sales staff are informed of this as this a scam. The guy involved will ask for our bank details so he can transfere the funds into our account,He will say he is on holiday and that his PA will be dealing with the buying of the said vehicle.

Regards

Chris Crompton
